WHAT NEEDS TO BE COMPLETED FOR FULL BUSINESS OPERATION

1. PAYMENT PROCESSING - NOT WORKING YET

Current Status: UI mockup only - no real money processing

What You Need To Add:

- **Stripe Account Setup** (recommended - industry standard)
- **API Integration** for \$47 one-time payments
- **Subscription Management** for \$297/month enterprise clients
- **Webhook Configuration** for automatic lead upgrades

Estimated Setup Time: 2-3 hours with Stripe documentation

2. BILLING DASHBOARD - SHOWS 0's (CORRECT)

Current Status: Reset to show real data (starts at \$0)

Reality Check:

- **Total Revenue:** \$0 (accurate - no payment processor yet)
- **Enterprise Clients:** 0 (accurate - no subscriptions yet)
- **Audit Purchases:** 0 (accurate - no payments yet)

This is CORRECT - will populate when payments are connected.

3. EMAIL NOTIFICATIONS - OPTIONAL

Current Status: Lead capture works without email dependency

Options:

- **Current:** Leads stored in admin panel + console logs
 - **Upgrade:** Add email notifications when you're ready to scale
-
